PERSONAL DETAILS

Date of Birth	22nd February 1988
Gender	Male
Place of Birth	Bauchi, Bauchi State
State of Origin	Bauchi
Nationality	Nigerian
Marital Status	Single
Language Spoken	English and Hausa

CARRIER OBJECTIVE

To contribute in teaching, learning and research in agriculture towards youth and women empowerment.

EDUCATION

PhD (In view)

Czech University of Life Science

(Animal Science and Food processing)

2019 got admitted for PhD at the faculty of Tropical AgriSciences, Czech University of Life Sciences, in the program Agrobiology and Bioresource Management. Currently focused on Animal Physiology, Nutrition and Behaviors. Presently studying a noninvasive approach of stress hormone determination in common eland at the Czech University Eland farm at Larny.

Masters

Czech University of Life Science

(Animal Science and Food processing)

- 2017-2019: Master's graduate from Czech University of Life Science, with specialization in Animal Science and Food Processing. Diploma theses titled "Effects of Immunocastration on the social interaction and activity budget of common eland (*Taurotragus oryx*)" which is generally aimed at establishing and validating a

noninvasive approach of castration in common eland, and its effects on their behaviour and social rank. This would help in ensuring the welfare of the animal as well as its biodiversity and conservation. CGPA of 1.3/4.0 (Distinction).

Bachelors

University of Maiduguri (UNIMAID)

(Bachelor of Agric (Hons), specialization in Animal Science)

- 2007-2014: Attended University of Maiduguri (UNIMAID), Borno State Nigeria. Obtained Bachelor degree with a First Class (4.60/5.0). Bachelor thesis was focused on using nonconventional feed material in feeding sheep using Doum Palm (*Haephane thebaica*) Meal, this research was accepted by the Nigerian Institute of Animal Science and was Published in their conference proceedings.

Diploma

Cadtech Computer Training School

(Computer Appreciation)

- 2005-2006: Studied Computer Appreciation at Cadtech Computer Training School with a basic focus on the Micro soft Office package (MS-Word, MS-excel, MS-powerpoint) and data processing.

Secondary School

Government Comprehensive Day Secondary School Bauchi

- 2000-2005: Actively participated in Science Club, helped in tutorial and also won several award and gift for participating in: Cowbell Mathematics Competition, National Mathematics competition, NNPC science-based competition.

Primary School

- 1993-1999 FGGC Staff Primary School Bauchi, Bauchi State

ACADEMIC QUALIFICATION

DATE

• National Youth Service Corps(NYSC)	2015
• B. Agric(Hons) Animal Science (First Class)	2014
• Nigerian Institute of Animal Science (NIAS)	2014
• Diploma in computer operation and data processing	2006
• Senior Secondary School Certificate(WAEC)	2005
• First School Leaving Certificate	1999

EXTRA CURRICULUM ACTIVITIES/POSITION HELD

- Member Nigerian institute of management (NIM) 2015 till date
- Community Development Service under NEMA/NYSC Vanguard 2015
- Graduate Member Nigerian institution of Animal science (NIAS) 2015 till date
- Member National Association of Animal Science Student 2013 till date
- Auditor General, Bauchi State Agricultural Youth Association 2011 till date

RESEARCH INTEREST

Interested in the field of Animal Physiology, breeding and Nutrition. Uses these experiences in exploiting non-conventional feed material in tropics and subtropics to feed Animals to reduce the competition between animals and humans.

WORKING EXPERIENCE

Assistant farm manager in research Farm **2014-2015**
Department of Animal Science, Bayero University Kano

- Worked as an assistant farm manager at the Bayero University teaching and research farm. Responsibilities handled include proper record keeping of animal, formulation and feeding of research animals, tentative diagnosis and treatment of sick animals, guiding undergraduate student in design and planning of research at the farm.

Class teacher **2013-2014**
Alhilal Secondary School Bauchi, Bauchi state

- Worked as a class teacher, guardian and counselor. Responsibilities handled include design and planning of lesson plan, teaching of Aquaculture, statistical analysis, grading and positioning of students results. Guidance and counselling of student on the proper carrier and discipline to take.

Industrial Training Student **2011-2012**
National Veterinary Research Institute

- Worked as an assistant in laboratory analysis and diagnosis of diseases, post mortem, Vaccine storage and preparation. Documentation of results.

Industrial Training Student
Maiduguri Veterinary Clinic

2011-2012

- Worked as an assistant at the Maiduguri Veterinary Clinic, which is the largest clinic in the north-eastern Nigeria. Assisted in surgery, diagnosis and tentative treatment of diseases in livestock.

SKILLS

-
- Management of Livestock
 - Technical experience in maintenance of cooling system

PUBLICATION

Girgiri, A. Y., **Abubakar, S. M.**, Medugu, C. I., Saleh, B. and Gure, M. M.(2013)
Haematobiochemical indices of Yankasa Rams Fed Varying Levels of Doum palm (*Hyphaene thebaica L.*) meal. In: proceedings of the 18th Annual Conference Animal Science Association of Nigeria (ASAN). Held at National Centre for Women Development, Garki, Abuja. 8th-12th September 2013. ISSN 978 34777 22 pg 379-382

AWARDS

-
- 2014- Vice Chancellor's Award
University of Maiduguri, Borno State, Nigeria
 - 2014- Head of Department Award for Best Graduating Student, Department of Animal Science, University of Maiduguri
 - 2005- Cowbell Mathematics Award
1st Position in the Cowbell Mathematics Competition

HOBBIES

Reading, Research and Football
